

tecViz Event

tecViz Event includes interactive features such as questionnaires, free text functions and polls, and is used to ask questions to speakers, participate in quizzes, brainstorm ideas, and much more. The audience response is presented on the big-screen as word clouds, graphs, speech bubbles and tables, igniting discussions about the outcome. In addition, tecViz Event also provides a view of the daily agenda, information on speakers, exhibitors, maps and travel & hotel info via an easy-to-navigate menu.

AUDIENCE INTERACTIVITY

Activate your audience with interactive tools and Q&A function.

LIVE CHAT

Live communication between participants.

QUESTIONS & POLLS

Find out general opinions and challenge your audience by throwing a quiz or poll.

QR CODE

Aim your cell phone camera towards the QR code and you're all set in a sec!

EASY-TO-NAVIGATE MENU

Gather all essential event information in the menu.

SECURITY

Individual password protection.
