

tecViz Congress

tecViz Congress includes tools for administrating participants, generating projection views and building speaker lists. It allows participants to interact during the meeting via votings and polls. Delegate use their tablets for reading documents, signing up for the speakers' list, writing bills and vote. Delegates can give their speeches through their device's camera, when the chairman gives them the word. Many hours and loads of paper are saved when using tecViz Congress.

PAPER FREE CONGRESS

Dramatically decreases paper need - all documents are viewed in the device.

SPEECH LIST

Following the democratic process, speakers' names will be listed orderly on the big screen.

PLEA SUBMISSION

Delegates submit their pleas directly into the system.

VOTING

Secure digital votings.

DIGITAL PROTOCOL

Digital protocolls are automatically generated in the system.

SECURITY

Individual password protection.
